

Tots-N-Teens Preschool

Sanilac Career Center

Children will develop the skills needed for kindergarten through developmentally appropriate center-based activities.

Our preschool program will focus on kindergarten readiness skills:

- Beginning reading skills
- Math
- Science
- Social Skills
- Creative Arts
- Fine & Gross Motor Skills

The preschool environment is a fun, educational, hands-on setting for the children!

Tots-N-Teens Preschool staffs junior & senior high school students who are being trained to become teachers, social workers, counselors, etc. They are also earning their CDA (Child Development Associates) credential in class.

Through this program, the preschoolers benefit from the one-on-one teacher ratio. Monique Soper (Director) and Trisha Bussey (Teacher) supervise and guide the high school students at all times.

All students and staff are CPR & 1st Aid certified.
