January 30 – May 8, 2024

Tuesdays and Thursdays (95 hours) 6:00-9:30 PM

The Electronic Health Record (EHR) Management program prepares students to understand and use electronic records in a medical practice. An electronic health record (EHR) includes computerized lifelong healthcare data from a variety of sources where every encounter an individual has with the healthcare system is documented and compiled for quick access. Electronic Health Record professionals are educated in the implementation and management using common electronic data interchange systems such as, HL7, CDISC and DICOM. Students will learn through classroom and computer lab training the necessary components consistent with maintaining the medical, legal accreditation and regulatory requirements of the electronic health record and database, **NOTE**: After the successful completion of this program, students will be prepared to sit for the National Health Career Association (NHA) Certified Electronic Health Record Specialist (CEHRS) exam.

Medical Administrative Assistant

Instructor: TBA

\$1,199 (includes books)

50 hours + 40 Clinical Hours

Mondays & Wednesdays 6:00-9:30 PM

March 4 – April 29, 2024

This 50- hour course prepares students to function effectively in many of the administrative and clerical positions in the health care industry. This program covers important background information on the medical assisting profession and interpersonal skills, medical ethics, and law, medical terminology, basics of insurance billing and coding, telephone techniques, scheduling appointments, medical records management and management of practice finances. This program is intended to provide students with a well-rounded introduction to medical administration so that a student can gain the necessary skills required to obtain a medical administration assistant position in the health care field. **NOTE**: This program meets the necessary requirements to take the National Health Association exam. (CMAA)

Pharmacy Technician

Instructor: TBA

\$1,199 (includes books)

50 hours + 60 clinical hours

Tuesdays and Thursdays 6:00 -9:30 PM

March 5– April 30, 2024

This program is intended for students who want to prepare to work as a pharmacy technician in a retail or other pharmacy setting and to take the Pharmacy Technician Certified Board's PTCB exam. Course content includes pharmacy medical terminology, history, practice in multiple environments, calculations, and measurements, prescriptions and drug names. Through classroom lecture and hands-on labs, students will review many areas a Pharmacy Technician will handle including dosage calculations, drug classifications, billing and the reimbursement among other items. Students will be eligible to participate in a 60-hour clinical externship with a local retail pharmacy. Students may be asked to submit a thorough background check, drug screening, and meet other requirements.

Phlebotomy

Instructor: TBA

\$1,799 (includes books)

February 5 – May 15, 2024

Mondays & Wednesdays 6:00-9:30 PM

This 90-hour Phlebotomy Technician Program prepares professional to collect blood specimens from clients for the purpose of laboratory analysis. Student become familiar with all the aspects related to blood collection and develop comprehensive skills to perform venipunctures completely and safely. Classroom and lab work includes terminology, anatomy, and physiology; blood collection procedures; specimen hands-on practice; and training in skills and techniques to perform puncture methods. **NOTE:** There is no outside externship rotation included with this program.

Music

Beginning Guitar

Instructor Ron Rapin

\$90

Wednesdays 6:00 – 8:00 PM

January 24 – March 13, 2024

This class is an introduction to basic guitar. This eight-week class of two hour sessions focus on the basics of chord formation and simple strumming techniques. Simple songs will be taught and practiced. This class is designed for beginners with no previous experience in playing guitar.

Guitar II

Instructor: Ron Rapin

\$90

Thursdays, 6:00-8:00 PM

January 25 – March 14, 2024

This class is for the guitar player that is looking for a refresher class or who wants to just to brush up on their current guitar skills. The eight-week class of 2-hour sessions each will focus on chord formation and strumming techniques. This class is designed for the guitar player with some playing experience.

Welding

Basic Welding

Instructor: Mat Palmer

\$275 (Includes supplies)

Monday and Wednesdays 6:00 – 8:00 PM

January 22– March 4, 2024

This class is for entry-level positions in welding for steel and aluminum. Students will learn what is involved in welding and may choose to specialize in any area of welding to complete basic projects if time allows. Skill areas include oxyacetylene welding, cutting and brazing, arc welding, MIG and TIG welding.

Certified Welding

Instructor: Jill Brown

Tuesday and Thursdays 5:00 – 8:00 PM

\$2,500 (includes supplies)

January 23 – April 16, 2024

Our certified welding class prepares students to become certified in one or both vertical and overhead positions. Through classroom instruction and hands-on learning, our certified welding class prepares students to take an in-house certification exam that follows the standards and guidelines of the American Welding Society. Certification is available in either MIG, TIG or ARC welding.

90% attendance is required for certification

It is strongly recommended that students have some prior experience in welding or have taken the Basic Welding class prior to taking the certification class.

ONLINE CLASSES

Take classes from the comfort of your home without having to spend money on gas and time on travel. Don't have high-speed internet to take online classes? Don't let that stop you. Students are welcome to use the Career Center computers during designated hours to complete their class assignments.

All online classes have instructor support through email and all books and supplies are included in the cost. Students are given 6 months to complete the programs with an extension if needed. Most finish within 4 to 6 months. For additional information, please contact Sanilac Career Center at **810-648-4700, Ext 4266** or email jaconfer@sanilacid.org.
